

**Çiğdem Lüle, PhD, FGA, GIA GG, DGA**  
**Consultant**

Dr. Lüle is a mineralogist and award-winning gemologist retained by Gemworld to develop and teach gem pricing courses for the firm. Before Gemworld, Dr. Lüle taught gemology at Ankara University, Turkey and GIA London Campus, in the UK. As education consultant to Gemworld, Cigdem focuses class content on identifying practical aspects of gemology and how they affect the pricing of gemstones. She was also the technical advisor in the development of the World of Color system, published in 2014

Dr. Lüle's professional education includes a BSc. In Geo Engineering, Ankara University, Turkey; Diploma in Gemmology from Gemmological Association of Great Britain; Diamond Diploma from Gemmological Association of Great Britain (DGA); MSc. in Mineralogy, Ankara University, Turkey; Graduate Gemologist, Gemological Institute of America (GIA); PhD. in Mineralogy, Hacettepe University, Turkey.

Her industry affiliations include membership in the Scottish Gemmological Association (SGA); Accredited Senior Gemologist member of Accredited Gemologists Association (AGA); Member of Mineralogical Society of America.

In 2016, she was awarded the prestigious Antonio C. Bonanno Excellence in Gemology Award from the Accredited Gemologists Association.

Dr. Lule is the owner of Kybele LLC consulting firm based in Illinois, USA
